

## Trial Summary

**Research by:** Grower  
East-Side/Gabilan Ranch - Salinas, CA.

**Plant Date:** 8/2/2013  
**Harvest Date:** 10/10-12/2013

**Treatment:** 8/02/2013 32 oz of **Ignite S2** at planting  
8/23/2013 32 oz of **Ignite S2** at side-dress

**Control:** No Ignite S2 was applied.

**Notes:** This test supports that applications of Ignite S2 can result in increased profits and yields in Napa Cabbage. We do not warrant these same trial results for any/all other crops, climates or soils.

## Trial Results

**322 Cartons – 18.5% / Acre Yield Increase**

**Grower net profit improved by \$4,485 p/ac (\$25 p/ac equivalent product cost)**
